CORRIGENDUM - III

Date: 06.11.2023

Point-wise clarifications towards the tender IMU-KC/MARINE BOILER/02/23-24 dated 18.09.2023 towards supply and installation of 01 no. 5 TON/HR Water Tube Saturated Steam Boiler and associated system at IMU - Kolkata Campus:

Following clarifications are inculcated in the tender documents, which should be considered before submission of bids by the prospective bidders towards the tender no. IMU-KC/MARINE BOILER/02/23-24 dated 18.09.2023 for supply and installation of 01 no. 5 TON/HR Water Tube Saturated Steam Boiler and associated system at Indian Maritime University - Kolkata Campus, located at P-19, Taratala Road, Kolkata - 700088:

| Sl. No. | Subject | Clarification |
|---------|---|---|
| 01. | Marine Standard | Marine type boiler is a well-known design worldwide and refers to those types of boilers which can be installed on ships meeting the rules laid by flag state and corresponding classification society. In the tender, Indian Register of Shipping (Classification Society) of India is referred to as mandatory type approval certification. However, any classification society which is a member of IACS (International Association of Classification Society) is acceptable. |
| 02. | Pollution issues | Vendor should seek highest certification for pollution issues (either national or international standard) to avoid ambiguity. |
| 03. | Pipeline painting | Vendor should maintain specifications of painting standardised for Marine purpose by the IACS (International Association of Classification Society) including the temperature limits, environment & colour code of paint and quality. |
| 04. | Name of the Boiler | Ref to the technical specifications in the tender to avoid ambiguity. Everything refers to the boiler as per the technical specifications only. |
| 05. | Dismantling, shifting and reinstallation of old setup | Here installation is only for the demonstration purpose. The setup is only for the exhibition to the students of the Campus. It does not mean to make the boiler operational. |

All other terms and conditions of the tender documents will remain valid unless and until any further corrigendum.
